

José Andrés Araya Obando

PERSONAL DATA:

Date of birth: Sept 22, 1982
 Place of birth: Cartago, Costa Rica
 Nationality: Costa Rican
 Status: Married

WORK ADDRESS:

Tecnológico de Costa Rica. (www.tec.ac.cr)
 Construction Engineering School
 APDO: 159-7050, Cartago, Costa Rica
 PHONE: (506) 2550-2311 / (506) 8881-3159
 EMAIL: jobando@tec.ac.cr
 ORCID Id: <https://orcid.org/0000-0002-6440-5483>
 GOOGLE SCHOLAR: <https://scholar.google.es/citations?hl=es&user=wwqhCbQAAAJ>
 RESEARCH GATE: <https://www.researchgate.net/profile/Jose-A-Araya-Obando>

EDUCATION/ Professional studies:

Doctorate Candidate, Doctor Engineering Program - Tecnológico de Costa Rica [TEC] -(2016-2021). Research: "Optimizing rapid filter conditions for biological removal of manganese from drinking water". Financed by TEC. Jointly with the Sanitary Engineering Centre (CIS), Faculty of Sciences, Engineering and Surveying, National University of Rosario, Argentina and the Faculty of Civil Engineering and Geosciences of the Delft University of Technology, Netherlands ([project and publications in progress](#)).

Master of Engineering: Sanitary and Environmental Engineering.

Dec 2012. Escuela de Ingeniería de los Recursos Naturales y del Ambiente, Universidad del Valle (UNIVALLE). Cali, Colombia. (www.univalle.edu.co). Theme: "Modeling of Residual Chlorine in the distribution network of the La Sirena Water Supply System, Cali, Colombia" which objective was to contribute to the knowledge of the behavior of residual chlorine in the distribution network of small water supply systems. Financed by Acueducto La Sirena, (CINARA) and the Research and Technology Transfer Station Puerto Mallarino.

Bachelor of Construction Engineering.

Sept 2007 - Licenciatura en Ingeniería en Construcción. Costa Rica Institute of Technology (ITCR). Cartago, Costa Rica.
 Sept 2006 – Bachillerato en Ingeniería en Construcción. Costa Rica Institute of Technology (ITCR). Cartago, Costa Rica.

EMPLOYMENT:

Tecnológico de Costa Rica (TEC)
Cartago, Costa Rica. Escuela de Ingeniería en Construcción
Professor/Researcher, Water Resources.

2008 to present

- Coordination of Academic Area "Water Resources and Environment" of Construction Engineering School (2011-2015/2019-2021).
- General Management of Laboratory of materials of the Housing and Building Research Centre (*LabCIVCO* - 2014)
- Coordination of the Water Supply Program - Construction Engineering School (2016-2017)
- Coordination of the Accreditation Committee - Construction Engineering School (2016-2017) - Canadian Engineering Accreditation Board (2015-2016).
- Member of Institutional Accreditation Committee – Tecnológico de Costa Rica - Canadian Engineering Accreditation Board (2016)
- Hydraulic Technical Management of the Housing and Building Research Centre (CIVCO-2011-2014).
- Committee member of the Commission for the Legislation and Management of the Reventazón River Basin (COMCURE. 2008)

RESEARCH EXPERIENCE

Research Projects:

- "Fluoride and arsenic removal by coated pumice", which objective is to develop a low-cost adsorbent material of local origin that can be used for the removal of arsenic and fluoride with or without interferences. Financed by TEC -2020-2021 (project and publications in progress).
- "Use of chitosan-iron (III) beads for arsenic removal in water for human consumption applied in small communities" (2020), which objective was to develop two low-cost adsorbent for As removal from groundwater. Financed by TEC (project concluded and publications in progress).
- "Removal of arsenic, iron and manganese from groundwater by co-precipitation", which objective was to develop two low-cost technologies for Mn-Fe and As removal from groundwater by biological and physicochemical means, respectively. Financed by TEC -2017-2019 (project concluded and publications in progress).
- "Arsenic removal systems in Rural Water Supply and small communities" which objective is to develop a low-cost technology for arsenic removal in Water Supply Systems located in rural areas of Costa Rica. Financed by TEC. - 2014-2016 (project concluded and publications in progress).
- "Developing Models for Predicting Trihalomethanes in a Distribution Network of a Water Supply System" which objective is to develop a model for predicting the formation of THMs through the study of water quality in the source and distribution system. Financed by TEC. 2015-2016 (project concluded and publications in progress).
- "Environmental health and rural sanitation in temporary dwellings of coffee farms", which objective is to propose solutions on infrastructure and basic services oriented to improve life quality conditions of the temporal seasonal coffee harvester population in the farms. Financed by the Consejo Nacional de Rectores [National Provosts Council] (www.conare.ac.cr). 2012-2013 (project concluded).

Extension Projects in charge:

- "Design and implementation of Water Loss Control Program in the Municipal Water Distribution Network of San Rafael de Oreamuno". Financed by the Municipality of San Rafael de Oreamuno, Cartago, 2016-2017 - Water Supply Program.
- "Design and implementation of Water Loss Control Program in the Municipal Water Distribution Network of Unión". Financed by the Municipality of Unión, Cartago, 2016-2017 - Water Supply Program.
- "Dynamic characterization of inflows in the Municipal Water Distribution Network of Paraíso". Financed by the Municipality of Paraíso, Cartago, 2017 - Water Supply Program.
- "Criteria and technical recommendations of selection in Flow measurement equipment in the Municipal Water Distribution Network of Paraíso". Financed by the Municipality of Paraíso, Cartago, 2017 - Water Supply Program.
- "Design of a Municipal Rate Structure Methodology for Water Supply Services". Financed by the Municipality of Oreamuno, Cartago, 2017 - Water Supply Program.

TEACHING EXPERIENCE:

- Lectures on "Applied Hydraulics" for Construction Engineering School (2008,2011-2015,2020).
- Lectures on "Water Distribution Modeling" for Continuing Education Program, Construction Engineering School (2015).
- Lectures on "Workshop on Highway Engineering Project (I)" for Master of Highway Engineering Program, Construction Engineering School (2015).

RESEARCH AND PROFESSIONAL INTERESTS

- Drinking water.
- Modeling hydraulics and water quality in distribution systems.
- Developing new technologies for water treatment.
- Arsenic, fluoride, iron and manganese removal.
- Biological removal.
- Multi-Stage-Filtration (MSF)

PRESENTATIONS AND PAPERS

Araya, J.A.; Rietveld, L.; Quesada, A.; Caballero, A.; Pacini, V.; Romero, L.G. (2021) "Start-up of bench-scale biofilters for manganese removal under tropical conditions: A comparative study using virgin pumice, silica sand, and anthracite filter media". - Zamora, R. (2014). "Evaluación de los métodos para el cálculo de caudales máximos probables instantáneos en edificaciones" [Evaluation of methods for the estimation of probable maximum instantaneous flow rates in buildings]. Bachelor of Construction Engineering.
- Quirós, M. (2013). "Diagnóstico de la demanda y de la infraestructura en el acueducto rural de Guatuso, San Isidro de El Guarco" [Diagnosis of demand and infrastructure of a small water supply system located in Guatuso, San Isidro de El Guarco]. Bachelor of Construction Engineering.
- Solis, G., (2012) "Acondicionamiento del medio filtrante para regulación del pH utilizando agregado calcáreo en un Filtro Grueso Ascendente en Capas (FGAC) del sistema de potabilización del acueducto de Santa Cecilia de San Marcos de Tarrazú" [Conditioning of filter media for pH adjustment using limestone aggregate in upflow gravel filter at the water treatment system of the Santa Cecilia de San Marcos de Tarrazú aqueduct]. Bachelor of Construction Engineering.
- Álvarez, E., (2012). "Evaluación de la eficiencia de la gestión técnica de la red de distribución de un acueducto con base a los indicadores de desempeño para servicios de abastecimiento de agua" [Evaluation of the efficiency of the technical management of the distribution network of a water supply system on performance indicators for water supply services]. Bachelor of Construction Engineering.

- Rodríguez, C., (2012). "Plan de mejoramiento del alcantarillado sanitario en la Sede Central del Instituto Tecnológico de Costa Rica" [Seawage System Improvement Plan for the Costa Rica Institute of Technology Main Campus]. Bachelor of Construction Engineering.
- Solís, C., (2012). "Diseño de documentación técnica dentro del marco del Sistema de Gestión de Calidad del LabCIVCO para ensayos de micromedidores" [Technical documentation design within the frame of LabCIVCO Quality Management System for micrometer tests]. Bachelor of Construction Engineering.

PROFESSIONAL DEVELOPMENT COURSES

- (2019) – Curso "Instrumentos para la evaluación alternativa de los aprendizajes". Centro de Desarrollo Académico, Instituto Tecnológico de Costa Rica. 30 hour workshop, Cartago, Costa Rica.
- (2017) – Curso "Análisis Estadístico en R" [Statistical Analysis using R]. Programa de capacitación Interna, Departamento de Recursos Humanos, Instituto Tecnológico de Costa Rica. 20-hour workshop, Cartago, Costa Rica.
- (2016)- Curso "Elementos de Estadística Descriptiva e Inferencial" [Elements of Descriptive and Inferential Statistics]. Programa de capacitación Interna, Departamento de Recursos Humanos, Instituto Tecnológico de Costa Rica. 20-hour workshop, Cartago, Costa Rica.
- (2016)-Curso "Introducción al artículo científico Modelo IMRD" [Introduction to Scientific Article- IRMD Model]. Programa de capacitación Interna, Departamento de Recursos Humanos, Tecnológico de Costa Rica. 20-hour workshop, Cartago, Costa Rica.
- (2016)-Taller "La propiedad Intelectual en la Investigación y Búsqueda en el Estado de la Técnica". Programa de capacitación Interna, Departamento de Recursos Humanos, Tecnológico de Costa Rica. 8-hour workshop, Cartago, Costa Rica.
- (2016)-Curso "Conceptos básicos de la Norma INTE-ISO/IEC 17025:2005". Ente Costarricense de Acreditación, ECA y Programa de Capacitación Interna, Departamento de Recursos Humanos, Tecnológico de Costa Rica. 8-hour workshop. May 11, Cartago, Costa Rica.
- (2016)-Curso "Sistema de Sensores Remotos" [Remote Sensing Systems]. Unidad de Vinculación Forestal, Escuela de Ingeniería Forestal, Tecnológico de Costa Rica. 36-hour workshop, Cartago, Costa Rica.
- (2015)-Curso "Evaluación de los Aprendizajes". Centro de Desarrollo Académico, Tecnológico de Costa Rica. 60-hour workshop, Cartago, Costa Rica.
- (2015)- "Sistemas de Información Geográfica Avanzado con QUANTUM-GIS" [Geographic information Systems (Advanced) with QUANTUM-GIS]. Unidad de Vinculación Forestal, Escuela de Ingeniería Forestal, Instituto Tecnológico de Costa Rica. 36-hour workshop, Cartago, Costa Rica.
- (2015)- "Sistemas de Información Geográfica Básico con QUANTUM-GIS" [Geographic information Systems (Basic) with QUANTUM-GIS]. Unidad de Vinculación Forestal, Escuela de Ingeniería Forestal, Instituto Tecnológico de Costa Rica. 36-hour workshop, Cartago, Costa Rica.
- (2015)- "Sistema de Posicionamiento Global (GPS) con QUANTUM-GIS" [Global Positioning System with QUANTUM-GIS]. Unidad de Vinculación Forestal, Escuela de Ingeniería Forestal, Instituto Tecnológico de Costa Rica. 16-hour workshop, Cartago, Costa Rica.
- (2013)- "Metrología aplicada para métodos de ensayo desarrollados bajo la norma INTE-ISO/IEC 17025:2005. Requisitos generales para la competencia de laboratorios de ensayos y calibración" [Metrology applied to test methods developed under the INTE-ISO / IEC 17025: 2005. General requirements for the competence of testing and calibration laboratories]. Sistema de Gestión de Calidad del LabCIVCO. 24-hour workshop, Cartago, Costa Rica.
- (2013)- "Taller de redacción de artículos científicos" [Scientific article writing workshop]. Programa de capacitación Interna, Departamento de Recursos Humanos, Instituto Tecnológico de Costa Rica. 20-hour workshop, Cartago, Costa Rica.
- (2013)- "Diseño de Experimentos" [Experiment Design]. Programa de capacitación Interna, Departamento de Recursos Humanos, Instituto Tecnológico de Costa Rica. 24-hour workshop, Cartago, Costa Rica.
- (2013)- "Técnicas Estadísticas No Paramétricas" [Non-parametric statistical techniques]. Programa de capacitación Interna, Departamento de Recursos Humanos, Instituto Tecnológico de Costa Rica. 24-hour workshop, Cartago, Costa Rica.
- (2013)-LEED 101: "Green Building basics & LEED". The U.S. Green Building Council (USGBC). San José- Costa Rica. 4-hour workshop, San José, Costa Rica.

- (2011)- "Taller de elaboración del currículum de la Carrera de Ingeniería en Construcción por Competencias" [Curriculum development workshop for Construction Engineering by Competences]. Centro de Desarrollo Académico, Instituto Tecnológico de Costa Rica. 51-hour workshop, Cartago, Costa Rica.
- (2011)- "Producción Más Limpia y Sistemas de Gestión Ambiental" [Cleaner Production and Environmental Management Systems]. Programa de Excelencia Ambiental y Laboral para CAFTA-DR, Agencia de los Estados Unidos para el Desarrollo Internacional (USAID). 24-hour workshop, Cartago, Costa Rica.
- (2011)- "Simulación Hidrológica con HEC-HMS" [Hydrological Simulation with HEC-HMS]. Escuela de Ingeniería Agrícola, Instituto Tecnológico de Costa Rica. 15-hour workshop, Cartago, Costa Rica.
- (2008)- "Formulación de Proyectos de Investigación y Extensión" [Research and Extension Project Formulation]. Dirección de Proyectos, Vicerrectoría de Investigación y Extensión, Instituto Tecnológico de Costa Rica. 24-hour workshop, Cartago, Costa Rica.
- (2008)- "Planeación, Diseño y Enfoque Social en Proyectos de Pequeñas Comunidades" [Planning, Design and Social Approach for Small-Community Projects]. Instituto Costarricense de Acueductos y Alcantarillados, Organización Panamericana de la Salud y Consejo Nacional de Rectores. 40-hour workshop, San Carlos, Costa Rica.
- (2008)- "Diseño Redes Alcantarillado utilizando tubería rígida y flexible" [Sewer network design using rigid and flexible pipe]. Instituto Costarricense del Cemento y del Concreto (ICCYC). 24-hour workshop, San José, Costa Rica.
- (2007)- "Taller sobre Proyectos de Aprendizaje y Tratamiento de Agua de Fuentes Superficiales en Acueductos rurales y Municipios Pequeños" [Workshops on learning projects and treatment of water from superficial sources in rural and small water supply systems]. Instituto Costarricense de Acueductos y Alcantarillados y Organización Panamericana de la Salud. 24-hour workshop, San José, Costa Rica.

CERTIFICATES OF RECOGNITION

- (2012) Recognition for the project *Environmental Health and Basic Rural Sanitation Coffee Farms Temporary Dwellings* as one of the best rated projects by the VIE - Ronda 2012, Category FEES/Extension.
- (2013) Acknowledgement for being a member of the young researchers group of the Costa Rica Institute of Technology. Project Management, Research and Extension Vice-Rectory

MEMBERSHIP OF PROFESSIONAL ASSOCIATIONS/ENTITIES

- American Water Works Association, (Denver, CO 80235 USA) - Member Number 03305297
- Colegio Federado de Ingenieros y Arquitectos (CFIA, Costa Rica) [Federated Association of Engineers and Architects]

LANGUAGES SKILLS

English Level: B1 (Common European Framework of Reference for Languages).

- (2014-2015) English Now Integrated Skills Program, Centro Cultural Costarricense Norteamericano. 140-hours, Cartago, Costa Rica.

Spanish: mother tongue.
