

Stephanie Starbird P
Topographer Engineer #16036
Tel: (+506) 8372 0239

PROFESIONAL EXPERIENCE

Instituto Costarricense de Electricidad (ICE)

March 09th, 2010 until april 11, 2016

Hydroelectric Project Reventazón

Immediate manager: Eng. Johnny Ríos B.

Síquirres, Limón.

Dam Site (left margin):

- Land movements of perforation and injection tunnels.
- Excavation of tunnels for concrete injection.
- Demarcation for talus cross section in roads and galleries tunnel access
- Drain and injection curtain tunnels excavation.
- Deviation tunnels excavation.
- Lineal tunnels limit 0 and 5 mm.
- Deviation tunnels coating.

Physical Building (right margin):

- Main conduction tunnel excavation.
- Drain courting tunnel excavation.
- Deep load well excavation.
- Deep load tunnel excavation.
- Provision coating for the wooden main conduction tunnel setup.
- Mini Central Ecological well and tunnel excavation.
- Coating and armor of tunnels curtain, principal and bottom discharge
- Sliding formwork and climbing formwork of bottom discharge structures (well)
- Coating and metal mechanical assembly for cofferdam gate and radial gate of the bottom discharge (tolerances 0.8mm)
- Topographic scan of stock of materials, final civil work and surfaces before the filled reservoir
- Align of verticality conical utility poles

Instituto Costarricense de Electricidad (ICE)

August 26th, 2008 until march 08th, 2010

Hydroelectric Project Toro III

Immediate manager: Eng. Johnny Ríos B.

Venecia, San Carlos. Alajuela.

APORTES CARIBLANCO:

- Several fixes.

CARIBLANCO DAM:

- Several fixes.

TUNNEL:

- Excavation final front of the tunnel.
- Tunnel coating.
- Tunnel armor.

OSCILATION TANK:

- Demarcation and land movement checks, levels, pouring concrete wooden, connection T pipes preparation and structure setup.
- Check and setup of day in between of control settlement access point.

Other projects:

- Stephen Plant: weekly setup and checks.
- Survey start up of the Marsella Aqueduct.
- Arbau Plant: weekly checks..

Constructopo Consultores S.A.

August 08th, 2006 until august 16th, 2008

President: Eng. José Quesada Ramírez

Cell phone number: 8835 7835

Liberia. Guanacaste.

DECISA: Papagayo's Gulf (Exclusive II).

NOVATECNIA: Coco Beach ("Pacífico" project), Ocotol Beach ("Azul Paraíso" project),
Sardinal Intersection ("Prados del Río" project).

EDIFICAR: Papagayo's Gulf ("Terrazas" project).

WATERMARK: Marina of Papagayo Gulf, Marina of Guacamaya Beach

COCOBAY (project): On the way to Ocotol beach.

PUNTA CACIQUE: Between Hermosa & Coco Beaches (One and Only, Beach Club,
Peninsula Estates, Exclusive Resort, Miraval, Equestrian Center, Agassi Center, Protection
of Archeological area, with the National Museum)

And several project.

Measurements of details, volume, axis demarcations, surfaces generation, properties lines
demarcation and constructive areas also streets, etc.

Isabel Pérez

March 2002 until august 2006

Heredia

Insurances Agent Assistant

Insurances paper work, collect and made the respective payments.

Borge y asociados

August 2005

Jefe inmediato: Ing. Demetrio Monge

Calle Blancos

FONAFIFO's Project in association with North Caroline University

GPS Measurements of properties register in Pay for Environments Services Program.
Sarapiquí.
Cell phone: 8850 6123

Olman Gómez September 2001 until march 2002
San Pedro. Montes de Oca
Planes designer and field assistant of topography.
Planes draw and field work.
Cell phone: 8833 9891

Eng. Álvaro Gutiérrez June 2000 until may 2001
San Pedro. Montes de Oca
Topography Assistant.
Main projects: Measurement and location of water valves and hydrants in Metropolitan Area (AyA).
Measurement and location of geologic studies samples for the enlargement of the International Airport Juan Santa María.
Telephone number: 2224 1386

Video Reivan January 1994 until september 1997
Santo Domingo. Heredia.
Sales and administration work.
Customer service also daily cash desk.

EDUCATION

Universidad para la Cooperación Internacional May 2012 at present
PROJECT MANAGER MASTER

Universidad de Costa Rica 1999 until july 2006
San Pedro, Montes de Oca.
TOPOGRAPHIC ENGINEERING
Bachelor's Degree in TOPOGRAPHIC ENGINEERING

Universidad Nacional 1998 – 1999 Interrupted
Heredia.
FOREST ENGINEERING

Group GC March 2012
MOTIVATIONAL STRATEGIES FOR TEAMWORK

Leica Geosystems HDS (High definition Surveying) November 2013
LEICA SCANSTATION LASER 3D AND CYCLONE POINT CLOUD
SOFTWARE
