The image displays three sequential screenshots of the ASTM COMPASS eLearning platform interface, illustrating the steps to access the learning center.

Step 1: The user is on the home page of the COMPASS system. A search bar is visible, and a "Sign In/Register" button is highlighted in the top right corner. A "Welcome Back, Instituto Tecnológico De Costa Rica" message is shown at the bottom.

Step 2: The user has clicked the "Sign In/Register" button, and a sign-in form is displayed. The form includes fields for "Username" (pre-filled with "mgutierrez@itcr.ac.cr") and "Password", along with a "Remember Me" checkbox and "Sign In" and "Register" buttons.

Step 3: The user is now logged in. A "Menu" dropdown is open, showing options like "Home", "Subscriptions", "Tracker", "Favorites", "eLearning" (highlighted), and "Custom Collection". The user's name "Maribel Torres" is visible in the top right.

Step 4: The user is on the "ASTM Learning Center" dashboard. A "Welcome to the ASTM Learning Center" banner is at the top. Below, there are sections for "My Learning" (showing "ASTM 101: An Introduction to ASTM Standards" in progress and "ASTM D4294 Standard Test Method for Sulfur in Petroleum and Petroleum Products by Energy Dispersive X-ray Fluorescence Spectrometry" pending registration) and "Completed Learning" (showing "You do not have any completed learning yet.").
